I'm very sorry for the late night barrage, but clearly Buzzed wasn't particularly happy with the potential lack of response to the original article so they seem to have ramped it up a notch. Their tweet argues that this is just one of many sets of allegations against me, and it says among other things that I told dirty jokes to undergrads.. something that is not in the article. Clearly they (and their pals like Ed Cara) are trying to launch a more concerted effort to make this hit. I assume you are perhaps flying back to the US.. Can we have a chat sometime tomorrow if you are back about all this.. i.e. the statement, the potentially damaging letter to aldhous that I am trying to procure, and this other potentially slanderous stuff? I am beginning to feel that in addition to exposing this, that a lawsuit may be in order.. but I have no experience and so I could be totally wrong.

This is slanderous. It is also manifestly not supported by the article.
