Good day can you forward more detail of new hull= price for a crew boat, number per?

etc

On Feb 9, 2018, at 10:06 AM, Rich Difede <[REDACTED]>

<mailto:[REDACTED]> wrote:

A good question... the mold for th=t particular hull was destroyed by Hurricane Maria.. We are designing a new=40' - 43' powercat for a client in St Thomas. That will be c=ompleted later this month.. Don't exactly know a price but our guess w=uld be \$350 to \$400K with delivery in 2018.
