Attached=photo's for your repair

Ceniza was salvage by =bove and Below this morning and is now being towed to Tropical =arina.

It =ppeared at first the Drain Plug in the Hull had failed, but this is not =he case

The =lug was replaced and the Boat is still taking on Water. The bilge pump =as repaired, to allow the boat to be towed to Tropical Marina for =nspection.

It appears the hull is =elaminating.!!

Once We have confirmed =etail on cause, I will forward.
