Rich mentioned you are thinking of using the 24 month drop dead Due date is=April 1st, as a PreBuy for potential buyer,,, however, we are also due the=72month in July, which most likely will be a preBuy requirement.  
As you figure out the schedule for G550 work with Eric, I'd like to=at least get an input date for the 24month Insp for the GIV.  
Gulfstream quotes 5 day down time, I'd figure 10 working days in re=lity depending on items found during inspection.  
Rusty quoted \$32,297 for the 24Month.  
Should I commit to the 24month inspection on March 19th in Palm Beach or Po=sible Brunswick / Savanah?

Pls advise best date for the 24month?
