sultan,, your guy is really good..I appreciate the candor. As this will =ake a lot of money , you should decide how i should be compensated. I trus= you. due to my current condition I could not personally take an ownership=interest. Otherwise I would in a heartbeat. I think that Hyatt is the =erfect answer to MGM. not Barrack. Your people should talk to Pritsker= As you know RBS is one of the major lenders, that also shouldn't be a problem. Bank of America is trickier.. I think an exploding preferr=d with a decent dividend would make sense.ie</=>. exploding warrants. ... THey could put up 1billion. maybe use their b=lance sheet for other types of guarantees. he is sitting on mounds =f cash.They have operational experience. travel - cruise - food and bev=rage. They are already Nevada Gaming approved. It must be quiet. --000e0cd250d2d1fa8704660d39db-- conversation-id 147872 date-last-viewed 0 date-received 1238106897 flags 8590195713 remote-id 15335 <<http://sense.ie>>
