you should read your own e mails... // first the smirk comes from the fact that managing the staff schedules. is the most trivial of tasks, not a responsibility. if done correctly it takes no longer than 30 minutes a day.=A0 , It is not what I need or want. , it is not what I asked you to do,=but what you think you should do... i wasn't asking you if you thought=dana made sense, I was merely telling you what i am doing. the recitation of what i had done , confirmed that the assistance i had previously asked you for, can be accomplished in three hours.) still no office chair , =but i will go myself today).. IT is silly, you say get back to real life.--= you mean your life. I have kept my promise to you. the atmosphere in the house is unsustainable. Henry jarecki came with his entourage= the help i talk about is not schedulingigor, but being a friend and helping making things PLEASANT COMFORTABLE, EASY. in this regard I need say no more. I will take full, blame.however =-. I CAN'T live with anyone in my house full time. it has little to do with you, =I sent you a famous essay on its difficulties, so that a dead person could=explain it.

I just got out of the gym.

I would love to see ball-e but as I told you before the trainer has to deliver her to the house and set up for her to continue the training as well as=walk me through the commands and hand signals Ball-e learned. I can't take the dog without the new instruction manual..

I already told you what I thought would help but you dismissed it with a smirk. I asked you for more responsibility and being in charge of the staff so I can devote real time to doing this (like flying) without feeling like I am just wasting time running another random errand even Luella could have done.

I tried to explain to you when you just ask me to run one errand I try to get it over with as quickly as I can so I can go back to the real life as opposed to having a real responsibility which is a part of my daily life. In an hour you forget I did it, ask me why I did nothing to help and we are both unhappy.

This is the same suggestion I have been making for a long time now but you ignore it every time and end the argument with the same 'I don't actually need you to do anything as long as you are never in a bad mood'= That works until you forget about it, start comparing me to your employee=, call me selfish, then I get in a bad mood and the cycle starts again.. How about you actually let me do it this time. Sarah is leaving so I have 3 weeks to 'play'.

I am already reducing my man-on-foldover pressure and my flaps are coming up.

I can't remember what else you were unhappy about, remind me.

That's very nice of simona to bicycle to your house that early and make=you breakfast. I am sure it is very tasty.

Your last email makes no sense to me if it is not meant simply as complaining and giving me a list of your and your employees errands today compared to my not being there. I must be reading it wrong, I don't know what you=are trying to say..

-Dana 'assisting Simona' doesn't make much sense next week since I will already be there with you on Saturday. I don't understand why you= included that in the email.

-What do you mean you 'organized a proper facial' Are you having a =eal practitioner come to the house? I don't know what you are trying t= say.

-yes,sarah has been making her muffin batter ever since I met you.. what am=I supposed to say to that

-you moved the rose and put candles outside ...??? Ok.
