Hi Russell,  
Attached ar= the images we are developing. There are things that need to be  
added and a=justed.

Doors in each arch  
Plantin=s for the visual buffer between the MH and Pool

We are starting the final concept which is to remove the arches between the main house and pool but will have the pergola instead. It was an idea we discussed and should be seen. These will be more complete on Tuesday. We also will show an option where we drop the pool, although it may not be necessary.

I like where these are going, I think we need to move the structure away from the house a few feet, which is a minor adjustment.

Thanks,  
Bryan
