Hi Rus=ell,
Attached are the images we are developing. There are things that n=ed to be added and adjusted.

Doors in each a=ch
Plantings for the visual buffer between the MH and Pool

We are starting the final concept which is=to remove the arches between the main house and pool but will have the perg=la instead. It was an idea we discussed and should be seen. These will be m=re complete on Tuesday. We also will show an option where we drop the pool,=although it may not be necessary.

I like whe=e these are going, I think we need to move the structure away from the hous= a few feet, which is a minor adjustment.

Th=nks,
Bryan
