I'm the best out there and will save you tons of mo=eey and time
The generators are still not working because no one has been=able to fix and I know
electricians have been there and I'm sure not for fr=e

These generator guys are the best and yes they are expensive but will fix the problem
(by the way they still not have been released)

The architect is not my architect and I stopped him working on the spa after I go= that last plan because you said we were meeting another designer

jeffrey,

it is the same range that the contractor gave us after looking at it for 10 minutes..
frankly, I have yet to see any value added to Russell involvement.
we have generator guys coming at a super high rate.
drawings done by what to be architect and no value added to date..
maybe we should just rehire when we are building.
so far this makes little sense..</=iv>
