No "center a=m rest" – we've discussed this in the past as well as yesterday – it will have the outboard arm res=s.

Without pleats=it will look almost identical to your divan.

Personally I p=efer to have the pleats as there is no purpose without a center arm rest.

You can call m= to discuss if you wish, but we need your direction this morning.

Dear Jeffrey,

Yesterday's skype meeting went great – thank you.

The question came up this morning regarding the divan opposite you –

This divan does not have an arm rest.

Do you want the pleats to run straight through in this center are absent of the arm res= or do you want it to look like the aft divan (without pleats)?</=>

Please let me know this morning so we can continue.
