On my way to airport. Land a bit before noon, back tonight at 11pm.  
If you want diagonal, then we can try a 3'x4" square grid with pebbles instead of grout. Then there is minimum design. Planters on a parking is guaranteed disasters... They always wind up broken.

yes i did,, You need to either be on site, or work with a photo, we might need to add planters. I have tried to do this from a distance, it does not work. the new sketches are appreciated. however i don't think they work. maybe we need a diagonal,, there is a opening to the beach at the end of the path, and these sketches focus your attention on that, the opening is not in the drawing therefore misleading. when will you have an hour or two.?
