Jeffrey

As you know, the iPhone X and Samsung phones are able Wifi Calling now, if your Referring to Arinc Direct WIFI call and Text, its not required:

From R=an in Sales:

I assume he saw the AD Wifi Talk and Text but you do not need this feature as phones allow Wifi calling at no cost to you. When you get on the plane your phone will log onto Wifi and then you can make and receive calls like on the ground.

Jeffrey=div>I will discuss this with Rich Friday, Wifi systems installed on the G55=.

Bottom line entry level speed choices:&nbs=;

1-SatCom direct \$97,652 annual

2=Arinc \$75,552 annual

I'd like to sign up with Arinc, we can upgrade speed at anytime for no additional cost. See=attached for speeds,

Do you approve of Arinc=

Thx
Larry

Rich,
here is the info I gathered on Wifi, see attache= for reference.,
I will explain over the phone to better u=derstand what I'm trying to say below:

There are 2 Se=vice Providers for KA Wifi,,,SATCom Direct, and Arinc, (who is owned by Roc=Well Collins).

I will be referring to 3 services and Something called CPDLC =(Co=troller Pilot Data Link Communication). which is New Generation of communic=ation for Jets, mainly used for North Atlantic Crossings,, GIV does not have=this, NOT mandatory until 2020. the G550 has CPDLC installed. <=div>

1-New W=FI is called KA Band JetConnectX,
=div>2-DATA Link= is used for communication of the aircraft computer to Air Traffic co=troller for Clearances, Weather updates while flying and Down Loading Fligh= plans.

3-Swift BroadBand, is the original Wifi system that was insta=led on the G550,, its still installed and operational, so theoretical=y we have 2 WIFI systems installed now on the G550. KA Band and Swift. =

=/span>

WIFI i= obviously Internet access world wide,

DATA Link uses VHF Radio w=en on the Ground, or it uses SwiftBroad WIFI system, also, to operate=CPDLC communication, it must use Swift Broadband wifi to work,,, KA Band is=not approved for CPDLC use.

just to keep apples to apples, i'm basing everyt=ing on the Lowest cost plan, since upgrade to Faster Download speed is same=for both SatCom Direct and Arinc.

SatCom Direct

JX25 ia \$6,600 per month, m=st pay 12 months in advance to obtain this discount.

DATA Link Service is \$8,096.=0 per year,

Annual SatCom KA Band \$79,200.00 (must Pay full year in advance=to obtain this discount)

Connection FEE &=bsp; 500.00

DATA Link annua= 8,096.00

_____ = _____
total SATcom direct annual \$97,652.00

=div>Arinc RockWell Collin=

Promo P=an JX25 service Plan \$6,296.00 per month, NO requ=rement to pay in advance.

DATA link GOLD Plan annual fee (\$14,500.00) No-cost,,, (=ATA Link Gold is Free if we sign up KABand

with ARINIC).

=div> _____ = _____

TOTAL ARINC Cost annual \$75,552.00 (\$6,296.00 p=r month, includes 10% discount)
