Tim says they will have partners and senior advisers, rough= ten of each. You should read the FT article from last week, gives good fl=vour of the exclusive, investment advisory and asset managing bank they wa=t to build. Tim aims to be the biggest stockholder in ten years time. I co=ld build up my own stock over that time on a lower retention fee than DB b=t with a possibly clearer (and potentially) bigger deal share at end of ye=r, depending what I bring in.

Tim says I am underselling myself to DB at 1m. He says that = will be adding substantial but unquantifiable value to them and this will=lead to a difficult end year negotiation. Says Jain is very good but dange= of him not hanging around indefinitely cos he'll never get top job. S=ys they will vacuum out my roladex and the difficulty will be becoming part of deals.

I am attracted by building something and being there at beginning.
