Jeffrey,  
here is Charles'= response to earlier delivery date then March 9

Hi Larry,  
unfor=unately I don't think it will be possible. We already have a t=ght schedule with the veneer replacement scheduled to be complete =n 2/28 which leaves us 7 working days to complete the remaining wo=k and release the aircraft. The shade master switch panel is also scheduled=to arrive 3/2 which will make 3/9 the best we can do. If there is any way t= better this outdate we will definitely try to accommodate Mr. Epstein. &nb=p;I will keep you updated on the status of the aircraft and will let you kn=w if an earlier date will be possible as we progress with the project. We l=ok forward to your arrival [REDACTED] <x-apple-data-detectors://4> [REDACTED]
