████ just called. She managed to do something to black out half her display (probably dropped it?), and Jeffrey wants her to get a new MBP.

She needs 500GB storage, so the only machine in stock =

13-inch MacBook =ro  
Touch Bar and =ouch ID  
3.1GHz =rocessor  
512GB =storage  
3.1GHz dual-core =th-generation Intel Core i5 processor  
Turbo Boost up to 3.5GHz  
8GB 2133MHz LPDDR3 memory  
512GB SSD storage1  
Intel =iris Plus Graphics 650  
Four =hunderbolt 3 ports

Touch Bar and Touch ID

\$1,999.00

We could customs configure a non-touch bar model, but it wouldn't be available until 2/14 & is only \$100 cheaper.
