Jeffrey

Eric wants you to select fabric=and design, plus angle for seat back cushion on Divan's,, Eric informs he has 2 G550's in his hanger he would like to s=ow you,, JFK is forecasting better weather than Islip,, At 5am Islip is forecasting 800' ceiling with 1 mile vis,, JFK is forecasting at 9am 15,000 broken wind 320 degrees at 12kts gu=ting 20kts

I could only assume, weather might clea= out in the morning at Islip, if you wanted to visit Eric in the morning?</=iv>

I'll know more at 6pm when the new forecast c=mes available,,,

From Eric;

Although very similar in shape, h= can see both arm rests - one with material on the vertical surfaces, one w=th wide arm rests.

Yes, your two (2) chairs have been sitting outside my office.<=o:p>

Do you have a small sample of the new wo=d that Gulfstream used?

Eric

Thx
