The car in the photo with Beige interior is the actual vehicle, they will change the body panels to make it a white car,=20 only takes two hours to complete color transformation.

Nice car with good wheel base, top speed of 91mph.

the cross bar from windshield to rear of car is removable with one button and stores in hidden compartment in tail gate, ve=y easy to remove to make it a full cabriolet.

Note, I removed the drivers cross bar from drivers=20 windshield, and passengers cross bar still installed in photo below:

Note, body panels will be changed to white,,,

they also have custom graphics that may be painted to customize to LSJ styling if you like, you remove door panel= and send out for customized graphics, cost \$1,500 for all panels photo below:
