Good afternoon Larry=

I have attached photos of the cabinetry as requested.

The aircraft has been positioned in the tail dock where we are preparing for the Flag paint. I should have some progress photos of the effort next week.

The paint shop will provide a=need date for the final paint inspection tomorrow, which I will forward as soon as I receive the date information.

Please let us know should you need anything further.

Hello Julian and Charles and Heather.

my boss is requesting update photos of the veneer and flag application if you could send me some photos that would be great.

@@@ let me know when you want to accomplish paint inspection

<=pan>thanks Larry
