Nothing. Unbelievable. I don't know how Noam can be so patient. Also I think=we will have to check the numbers very carefully, because many mistakes ha=e taken place in his previous reports and I even wonder how accurate the t=x return is. We received a correspondence from the IRS with referenc= to a \$70,000 amount that I am not sure what it means. I also inform=d and send all documents about the LLC I started for organizing cultural e=ents, as I have done my first project last year: a book tour in the US for=the former Brazilian foreign minister. We were not informed if he in=luded my company and the start up expenses in our tax return. Hopefu=ly he did.
