I left a print-out for your review on you desk yesterday.

The plan as of now is this crestron system y=u are setting up now at lsj..as I was told by John and Nick????.. I will s=nd you a link to the hardware I would like you to consider for the club 54=room @ 71st

I also need your input on weather the crestron system i= what you want @ 71st ....

I reviewed allot of ha=dware and I am submitting for your one that is the best sounding audio con=erter around. And is built for MACS

*IR Remote for LIO-8/ULN-8

We have a special treat for LIO-8 and ULN-8 users= your front panel has an infrared receiver installed, and v5.4 activates i=.

You c=n map the buttons from your Apple remote (or any other compatible remote) =o control many elements of the LIO-8 and ULN-8 front panels.

With =he new Infrared remote support, you can control input and output gains, co=trol modes and the Monitor Controller level and mute from across the room,=without even having a computer attached. If your computer is attached and =IO Console is running, you can even select the Monitor Control input sourc= and output destination.

Follow the links below to see more new features...
