Jonathan,

=p class="MsoNormal" style="margin:0px;text-align:left;color:rgb(34,34,=4);text-transform:none;text-indent:0px;letter-spacing:normal;font-family:a=ial,sans-serif;font-size:12.8px;font-style:normal;font-variant:normal;font=weight:400;text-decoration:none;word-spacing:0px;white-space:normal;backgr=und-color:transparent">Erika Kellerhals =LSJ/GSJ representative) and I did site visits of both Little St. James and=Great St. James yesterday, and it was brought to our attention that on Gre=t St. James, two temporary barge landings were created post hurricane by t=e staff to assist in the delivery of emergency and relief supplies to the =sland. A significant number of the staff had their homes destroyed or=rendered uninhabitable by the storms and they took refuge post-hurricane a= GSJ. Massive amounts of supplies for these employees were brought onto GS= in the immediate aftermath of the storms.

<= class="MsoNormal" style="margin:0px;text-align:left;color:rgb(34,34,3=);text-transform:none;text-indent:0px;letter-spacing:normal;font-family:ar=al,sans-serif;font-size:12.8px;font-style:normal;font-variant:normal;font-=eight:400;text-decoration:none;word-spacing:0px;white-space:normal;backgro=nd-color:transparent">

One is near =he location of the proposed new dock across from Little St. James and one =s in Christmas Cove. Both are rock lined and rubble filled and exten= approximately 10'-15' off shore. We are aware that these we=e not permitted. Despite repeated attempts, the staff were unable reach an=one at DPNR prior to construction. Mr. Epstein understands that thes= will need to be removed but was concerned that if they were removed prior=to your arrival that it might be misconstrued that he was trying to hide w=at was done. Should we go head and start their removal or would you =refer to conduct the site visit so you can make recommendations of how it =hould be done?

</=trike>
