Jeffrey,

I spoke with Neil Greenberg, (Kevin Law's guy), Neil said he spoke=to you last month,. He said he's contracted to fix other installers problems, =eems to be a knowledgeable person,.he recommended coming to 71st and giving his op=ion of the upgrade for 6th floor, if you would like to hear what he has to say?

He said he's familiar with the Quialla, but didn't think its w=rth the effort to repair the unit, if there is a problem, He said there are cheaper=20 brighter projectors that perform better than the \$30,000 Quallia for \$10,00=. JVC DLA Rs60 model,. is one.,

I told him, yours is working fine, just needs calibration, and install=ation on LSJ.,

- I spoke to Sony Tech support, the Quallia would have to be shipped t= Sony factory for calibrating, I called two of the recommended NYC shops for=20 repair, that Sony Tech support gave me.,

, they indicate only cleaning and lamp replacement, all other calibrat=ons must go back to Sony factory.,

Do you think we should give Neil Greenberg a shot at calibrating the=20 Sony?

Scott, did you come up with any contacts that are Sony Quillia savvy?<=div>

thanks,
Larry
