That was a bit brief so I have a few questions or I could come back into ny= tomorrow to discuss further as this is important to me.

1. USVI visit...I'm probably not going to come down around the 22nd unless = can mix some business in. I don't want to run around meeting school folk= etc if this whole situation is unlikely. Thoughts?
2. You mentioned a meeting down there on 20th, status?
3. Howcast - tlk to Darren and read proposal asap as we are trying to close=it up.
4. Leon - EMI or WMG...I could be VERY valuable to them as an advisor in th=t process. KKR has already had me in and would like to formalize...I have=not signed or agreed to anything with them.
5. Google deal - I'm going to show the deal to friends only after I have my=deal signed...if you want a look I'm happy to share.
6. I think we could put significant money to work VERY quicklyif we are st=ge agnostic and willing to play in secondary markets too. One fund put 80=m to work on secondary Twitter stock just this week.
7. I like the company structure vs. a fund structure...very good for flexi=ility.
8. No lp's or need to raise money means we could be up and running VERY fas=.
9. Enjoy the day.
