good evening

firstly we are back on WAPA as of today<=div>

working on this information, request for bids/proposals for construction and orders in general=have been initiated for lighting, flooring samples etc
work has continued on Fiber and splicing on LSJ was completed today

we have also have reviewed present projects only to discover in =omplete orders, ie dock, we have the wood, but not the product to finish wood before laying,
this was ordered friday.!!
Ballet Floor, wood ordered, but not Underlay or edging=

Window repair= in Ballet Room , bad.

Our plan next week is to clean up and reorganize
There are have piles of wood sitting unprotected on top of the Desal and Generator building

By the time it is used it will be worthless.

Can we have forward first revision of Punchlist Thursday evening ?
By this time we may have responses from vendors and contractors.
