So your \$ was new funds  
The \$ from the restaurant is new \$.  
It's all new \$ that the hotel did not have

It is both of our responsibilities as it is to secure \$2,000,000 of interest reserve which  
protect us on a personal level

As I told you I am putting together my half and already have advanced money for payroll,  
Con Ed and retainer for Crescendo lawyer

The \$32,000 was from the restaurant account to fund PR and Marketing and lessened  
pressure in those areas

Crescendo wants to see new additional money , not money they have already funded

This new money is to fund operations as the Bank paid themselves the interest and left  
the operational hole

Think you should take Pallavi off the pressure of these calls - no way=she signed up for this - nor any of us but especially not she

Also we address her salary issues as I understand to be a problem ?&nb=p;

But still -can you send a accurate aging schedule so we see the extent=nbsp;  
David when do you think this can be cleaned up - new loan ?

Denise

Understand

Can we all see a AP aging schedule

Let's all understand the severity of our AP <=p>

And who's taking al= these collection calls ?

Steve not sure but there are alot of vendors that have not been paid t=at are now having collection agencies reaching out to us.

We really need to manage our existing vendors for our daily hotel need= to be able to continue to run a hotel. We also have to be able to h=ve money for payroll as well.

We have a lot of vendors that are ACH and they immediately take their money out of our account.

I know this is very important and we need this to be in compliance but=right now this needs to be put on hold until we can have the funds.=/p>

Thank=you

Subject: Skyware / PCI Compliance

The PCI assessment identified a vulnerability point =because credit card information entered at the property level into Skyware =s done from a keyboard which is non-encrypted & vulnerable to being ha=ked.

Attached are the for the recommended device to gain =ompliance, it looks like the cost on them is about \$175 each. My suggestio= is 3 devices – front desk, GM office and accounting office.

Please let me know how you'd like to proceed and I=will work with Sorbis to source and install.
