Subject: Potamkin RE the Suburban Stereo

Liza from Potamkin says due to the replacement of the stereo equipment =he factory amplifiers will keep blowing out...they have tried, =nd keep blowing. She has 2 options:

1. for \$1851 + tax, they can reinstall all factory equipment so your =mps don't blow out 2. for \$165 + tax diagnostic fee, you can take back the vehicle to who =ver installed the new stereo equipment and have them install amplifiers =hat can handle the power of the stereo.

Because all of the equipment was replaced, we have voided the warranty.

Please advise what you wish to do.

```
