Jeffrey,

I'd like to arrive at Meridean tomorrow if that's ok with you,.

I'm having an intermittent "A" inverter issue, this is the new inverter we install a couple of months ago, i have to cycle the main Inverter switch several times before inverter will power the bus,.

I'm thinking its the control relay for auto change over in case inverter fails,.

Meridean will briefly work it Sunday and address Monday, just checking if you have GII needs before Fridays trip?

Dave and I land in st thomas at 9:20pm tonight, weather delay out of Miami Thx Sent via BlackBerry by AT&T <?xml
