**Subject:** Palm Beach Network

one additional note from Fred from ETC:

There are seven Apple Airport Extremes in the main house, one in the staff and one in the pool house. Lorenz my IT tech said that those apples are not great performers when used like this. You should see a huge improvement in the wireless performance once we put in the proper ear.

Lorenz says we can definitely get the switches, in advance to get the system working better temporarily until all the other gear arrives.

Regards,

Fred Ogg
