Subject: need your help

Hi Jeff, I was at dinner last night with Dean Stohle= and Dr. Letty Moss-Salentijn who was Karyna's mentor and did =he most to help her get in and finish up dental school. Dr. Moss-Salentijn=is involved in Haptech development for the school. A donation/gift of \$450,000 would be appreciated if you can make a donatat=n. I think you should do this for Dr. Salentijn and the school. Thanks Jef=. Call me to discuss.

Tom
