Current owners of our IP have suddenly decided they're going to win the apple appeal. & even if they don't, other cases downstream are even bigger (far bigger), & even if they don't do that, the company itself will be worth money--brought from the blue!--so they want to be in charge of my & Eric's new activity= streams company or revived Mirror Worlds Tech; but for many reasons we want to be independent--but we can't upset Plainfield--& so are entering one of their potential investors at 10 this AM.

Doing this new-company stuff is a waste of my time--I do it badly, & meanwhile am not doing other things I do well; just like grading this damned pile of final papers (haven't even started). But for now I've got to do it. If we could just get funded & get to work.....

Hope I get to talk to you any AM anytime between tmw & the coming of the Messiah.
