Hi Jeffrey=0:p>

Our Pfizer market plus has been a big beneficiary of the defensive =ector rotation. We are up 17% on the \$3MM and we feel that it is a good =ime to take profits.

</=:p>

Also 1yr CNY forward points have come into l=ss than a 2% premium and I think we should add \$5MM to our \$10MM position=2E

Our \$5MM of Ford bonds mature next week. As a replacemen= I would add \$2.5MM ING Pfd's at 97.00. We think these could get call=d at 100 next year. The balance we should leave in cash for now.<=o:p>
