Larry –

I spoke with J. Mesinger. Serial Number 1381 was originally bought new b= the Saudi Royal Family and was purchased by the Royal Family of Abu Dhabi=in 2008 with a Gulfstream pre-buy accomplished at that time.

It is currently on an MSG 3 maintenance program at this time. We will be=receiving a GCMP report that I will forward.

The asking price is \$13.8M and he indicated they are looking for something =round\$ 13.0M. I advised him that my client is interested in an airframe=that was in need of a full paint and interior refurbishment, and priced ac=ordingly.

I am not sure what type of response we will get from the Seller to an offer=in the mid-to-upper \$11.0M range, but I have no problem in making the offe=. The airplane is still based in Abu Dhabi and the Seller may be willin= to bring it to Europe if an offer is on the table or if we would be willi=g to pay DOCs to and from Paris.

Needless to say, neither the Seller nor broker appear to be overly motivate= despite the aircraft being on the market for over a year. Let me know =hat you and Jeffrey think.

Best Regards,

Don Bass
