I really enjoyed yesterday,, I keep thinking there must be a way to t=e debt to residency visas.. as a part of purchase of house? , as a part=of taking a govt mortgate where payments are at lower rates but for higher=amounts and the spread goes to the govt. .. it needs to take into accou=t the housing inventory, , low rates. demand for visas, and govt openness..=A0 more thoughts as they cook.. ps. Tim Geitner liked=my idea on the housing market , and requested other proposals so as not to=be seen to take mine without giving others a chance.
