Jeff, first I would be happy to go over and get all the things that yo= want done, it's not a big deal and I think I can do it in a very efficient=20 manner. You have some good people over there that need some direction. But = need to ask some questions first;

- * What is the scope of the work you want completed now. They are=20 talking about roads, walls, permanent engineering facilities, etc.
- * I need access to all staffing guides that have been prepared.
- * Are there any budgetary guidelines in place.
- * Who is going to stay on the Island when the project is completed (wi=l it be [REDACTED]).
- * Do we have contracts for your HVAC and mechanical plants?

You may not know all these answers, but as long as everyone knows that=is what I need to know when I go down there I will be fine. I was introduced t= you by an friend and representative of Tom Pritzger, of which both I have the highest esteem for, but you must understand I am presently gainfully employ=d and at the present had no intention of leaving my present position, unless=20 something drastically changed the direction that I am going in. With that b=ing said I will make arrangements with Cecile to go to the Island next Friday a=d Saturday and sort through everything. I will probably bring two professiona=s (landscaping and engineering with me) to look at the project while I work w=th your team to get you the answers you are looking for. The professionals wil= be free because everyone in Puerto Rico is looking for work and all I am looki=g to get from them is an appraisal of what needs to be done to get this job done=and run efficiently going forward.

For me to make it simple I would charge \$225 an hour (that's what I pay my accountant) plus a plane ticket from San Juan to Saint Thomas, and if you could put me up at the house it would be great. Also my son is a Junior at Brandeis University studying international finance and if you would consider him interning a couple of weeks at Christmas with your group that would be appreciated.

If this all works for you I will call Cecile this afternoon and make the appropriate arrangements. Also keep in mind I am not a builder, but I have opened numerous hotel properties in the Islands and know whom to reach out to for help.

Warm regards,

Rich
