Subject: Internship

Dear Sir,

The internship office gave me these guidelines:

- 1). The company, that is going to employ me needs to send a contract to the school with the details of internship. (6 months of internship; accommodation, if provided; salary). It has to be a hotel or resort that can give me an actual job at any department.
- 2). There has to be a third party company that will be a visa sponsor for the J1 visa application ; the university works with «Wise foundation» and «Placement International». However these are not the only options, should the hotel work with any other companies, it's ok. These companies provide a guarantee to the US government that I am only coming for the internship.

So as I understood, all the visa details are provided by these special companies, that work with foreign students who are planning to get an internship in the States.

Best regards,
