lately i have been thinking a lot about steve and i.

i'm not getting younger and i want the security of knowing i have =omeone around for the long term

when they have children to keep them =ompany (or maybe worse?)  
they sort of spent their best years with one person and then got dumpe=, usually they are super surprised by it

i have been with steve nearly 13 years  
worried that he will soon decide to move on and that would be devstat=ng for me since i have built my world  
around him  
there is nothing driving a decision to stay or go in any way and as be=t i can tell things seem to be great  
i adore him and have immeasureable respect for him  
i have never cheated on him

not sure what to do?  
every year as time passes i realize that i am way past my "sell b=" date  
i have no desire to be with anyone else  
but i worry that it could happen at any minute
