WaveRunner: I confirmed The waverunner purchased is listed as 1 to 3 person seating,.there is only one model of Yamaha that is 2 person seating, and is=20 obvious when you look at the seat.,

One of the previous Yamaha Wave Runners was an estimated 2002 155=20 HP units,.I am positive it was a 155HP unit, just no sure of the year purch=sed,

length 124.4 inches

width 48"

height 44.5"

weight 780 lbs

1156cc engine 155HP

The new units we purchased Yamaha VXR NON-supercharged engine for safety,.I selected this unit since it is Yamaha best selling non-supercharged, best maneuvering waverunner, with high ratings. \$11,299=20 We paid \$10,250 for each unit,

length 128.7 inches

width 46.1"

height 45.7"

weight 728 lbs

1822cc 215 HP

most of Yamaha's waverunners have supercharged engines.,

there is one other non super charged, (Not in stock) Yamaha FXCruise= HO (high output engine) with a length of 140.2 inches \$12,999

I'll will look into size=

The units purchased are 3 person wave runners, the max capacity for wave runners,.

In comparison to other yamaha units they are all similar size, not noticea=ly different in size,  
even bombardier units are similar in size ,

Thx

Larry.
