what is missing from the punch list is the allocation of priority. I see=that though the gravel path was removed the grading is no where complet=. and now the courtyard is being prepared for cement.. I want tha= area graded and hydroseeded . how will we get the trucks in to do it now = with the courtyard clean. ?? The priority is to have no more constructio= at the main compound seperate from the courtyard pour by the 21 st. Io= has been there for ten days, and the chillax bath has not started. ??
