Subject:	Flagpole pool re-plastering and Main pool tile redo

Jeff,

The proposed schedule to re-plaster the flagpole pool is as following:

Bart will be ordering the material as soon as we give the go ahead. It =ill take 5 days to arrive to the island.

It will take 2 days to empty and 2 days to fill the pool and the actual =ork on the pool will take 6 days.

After the pool is refilled, we need 5 days to make sure the water is =alanced (PH levels, etc)

So we are looking at about 20 days of the pool being down start to =inish.

Bart will be doing this at his expense.

He is currently due $34k and is expecting that this job will cost around =15k and he would be paid the balance after he is complete and you are =atisfied.

For the main pool he has submitted a $42,600 proposal to retile the =ool. This is for labor and installation only. Materials will run =pprox. $15k to $20k.

Please let us know how you want to proceed
