Any thoughts about all that?

I've=talked to a number of scientists about Satio. I realized that many of them=are tremendously depending from universities and hate that.

Liberating scientists from bureaucracies might be a good m=ssage for that... it's a very long-term goal but feels like a right di=ection following general gig economy trend where you less depends on organ=izations.

We're already videoshooting so=e scientists to play with right format to present their projects.

I put together Satio deck (it's how I named 'kickstarter for scienc=' project) -

Looking for two types of people right now:

Have a few in pipeline, creating a funnel;  
- scientists/projects to fund (really cool and unique and searching for fin=ncing).

able to say yes/know on projects sourced).  
- potential advisors to select and curate best projects (established scient=sts
