I tried calling you on November 28. No answer.

Our work is getting enormous media attention. (Attached is an article in this week's New Yorker. I wished it had focused more on our science and less on me. We expect coverage by "60 Minutes" in January.)

This is a critical time to develop our scientific and institutional roots at Harvard. We're looking for partners to help move our research along. Would there be another time you could talk by telephone?
