the photos today are interesting but mostly a waste ,, they do not fo=low the punch list.. im not sure why, ,, the trees at the comp=ss were not to be removed until i got there,, the dock is not to be wor=ed on or replaced until the very last week, I made this clear a number of =imes, , the top of the hill is still a mess. and the interior =f five palms is still behind, . please follow the punch list. =A0 five palms is the priority, gates for the other entrance to engineering= . where did the trees that were taken from the compass go. ?
