Hi Jeffrey and Cecile,

Leslie at Integrity Defender has access now to the .org site and 6 oth=rs. They will be putting simple content on the site, starting tomorrow.

All links and images on on the site are critical because the=.org site is on the first page and thus has the capacity to pull up a=l its content to the first pages as well.

Leslie stressed again that any new images and newsworthy press info th=t you could send me would be invaluable.

They will also connect the .org site to all of the public profiles tha= I set up (Google plus, linkedIn, facebook, twitter etc). The connection w=ll start to pull up the public profiles as well.

Thank you for sending me photos and any news info.
