Hey – the VI Financial Services Act becomes even more important if the Senate provisions are accepted in conference.

I can also guarantee you – there is no way I am going to get reimbursed the money I have already paid to Bill Blum and his team for the work they did on this by the VI Government. So my question to you is – are you going to cover this or do I just forget it.

I am asking now because I am trying to get your teams to pay my outstanding invoices 😊
