Good morning Jeffrey.

Have you given any more thought to what you might like to see for the divan arm rests?

We have designed a new arm rest style for a G550 that we are building for sn 5176 that incorporates both leather and wood veneer and is a significant departure from the standard "boxes" that customarily adorn an aircraft divan. We are also going to create a modified version on G550 sn 5091 that will be about 10" wide, creating a bulkier, cabinet look.

I leave for India on Saturday for 2 weeks and would like to identify a direction to relay to eileen and jay.

Best regards,

Eric
