Jeffrey,

I use Nicolas to exp=dited the process of getting you on your way to LSJ. This saves the time o= me pre-fighting, loading and starting. Since yesterday was a short duty=day and flight from PBI-STT, it was my error, I should have flown, and cer=ainly will in the future. Once we have the 430 in St thomas, since its on =heels it will be easy to move the 430 in position next to an area where we=park the Gulfstream. I will only refer to Nicolas/or even use Darren for h=lp if we arrive from a long european trip to fly helicopter, the midnight =rrival scenario.

Nicolas should have had the Helicopter running and air conditioner cool=ng once we landed, when I saw him standing there waiting, I was already up=et, I try to expedite any arrival so you are not standing around waiting f=r staff to load the aircraft.

I need to ask Brice if he can spare an old Gator 4x4 for me to use to m=ve the helicopter on its dolly, the one I currently have at the airport re=ently broke, it will not start and breaks down regularly.

I was going =o request your approval to purchase a new gator or golf cart to use as a t=g once we have the Bell 430 in service. The Siminole Tribe actually use an=electric golf cart to move their 430 into the hanger with ease, so I'm =hinking a golf cart would be fine.

Thank you,  
Larry
