Subject: Re:

Good day Boss

Submerged Wapa/Fiber:

-I have line up Liston Network crew to assist in handling the removal of the fiber cable from the existing manhole to the new manhole once the new manhole is ready.
-Hector of VIYA is inquiring from us superiors as to when they will start on repairing the VINGN cable that connects to our fiber.

Communications:

The Telco side of VIYA will not be in operation on St. Thomas for at least another 4 to 6 months. I am looking into a VOIP System (using the internet vs actual phone lines) that will integrate with the existing digital system to restore telephone service for LSJ.

Internet over =||

-I am still waiting on the 3 vendors for quotes to replace LSJ WiFi grid.
-Areas that don't have internet due to fiber damage (ie Flagpole pool) will be set up with a wireless bridge to bring them back online.

Cecile will assist me in putting pressure on some of the vendors to get things moving in a forward direction.

Regards
Jruan
