Good night boss

I have approach Ubiquiti network solutions (they are based in New York)=to quote me their recommendation for equipment for the wifi grid for the is=and along with their for an installer or a possible consultant that would p=ovide me the necessary training to handle the installation in house.=/div>

I choose them because it is their equipment that h=ctor and Liston has used in getting service back online.

Good day Boss

Sub=erged Wapa/Fiber:

-I have line up Liston Network crew to assist i= handling the removal of the fiber cable from the existing manhole to the n=w manhole once the new manhole is ready.

-Hector of VIYA is=inquiring from is superiors as to when they will start on repairing the VIN=N cable that connects to our fiber.

Communications=

The telco side of VIYA will not be in operation on St. Thomas fo= at least another 4 to 6 months. I am looking in to a VOiP System (using th= internet vs actual phone lines) that will integrate with the existing digi=al system to restore telephone service for LSJ .

I=ternet over all

-I am still waiting on the 3 vendors for quotes t= replace LSJ WiFi grid.

-Areas that don't have internet due=to fiber damage (ie Flagpole pool) will be set up with a wireless bridge to=bring them back online.

Cecile will assist me in p=ttting pressure on some of the vendors to get things moving in a forward dir=ction.
