I found criteria to find smart people.

The more Jew you are the smarter you. You said you're ~98% Jew. You're very smart. My ex boss is 78% Jew. He is super smart, less smart than you are.

I have a close friend/business partner who is 99.3% Jew. He is crazily smart=

We take all Jewish people, sourcing can be done through relatives. Ask them to do 23&me test. Do event for everyone who is 98% Jew. Also all of them are not religious.

Do you think it makes sense, right?=?xml version=.0" encoding=TF-8"?> <!DOCTYPE plist PUBLIC "-//Apple//DTD PLIST 1.0//EN" "http://www.apple.com/DTDs/PropertyList-1.0.dtd">
