the edge of the enginereing sea, line should be boulders or a berm well def=ned. the rocks lining the side of the road away from five p=lm should NOT be simply dropped on the road as opposed to digging a six in=h ditch and mudding them in with cement.. like the road at the flagpole,=A0 otherwise we will be redoing them forever after rains.. have we fou=d the road material to spray on to fix the dust.?
